

March 25, 2021

Dear (Member Name,)

If you have chosen to protect your **Home Equity Line of Credit** with an Equity Safe Debt Protection Plan, please read this important information:

We are writing to inform you that as of **May 1, 2021**, we will be terminating the debt protection program under which your loan is currently protected. This means as of **May 1, 2021** you will no longer have debt protection, and any claims incurred on or after the effective date will not be paid under that policy.

This cancellation in coverage *does not* affect any benefit payment you may currently be receiving. Any benefits due in connection with your current debt protection plan will continue to be administered according to the Application, Disclosures, and Program Agreement.

Note: Claims submitted for covered events that occurred on or before April 30, 2021 will be processed according to the terms of the protection then in force.

We understand you may have questions regarding this change; our Insurance Servicing Department will be happy to assist with questions, and can be reached by calling **907.257.7264**.

Sincerely,
NuVision Credit Union
